

AZIMUT MAGELLANO 30M

"ARIA"

FOR SALE
€9,500,000
EXCLUDING TAXES

Exuding a sense of **precious freedom**, the Azimut Magellano 30M crossover emancipates a longing for **authentic exploration**. Constructed to **excel in navigation** to fascinating far-off destinations, she ignites the spark of curiosity and **encourages spontaneous travel aspirations**. The **inspired interior ambience** breathes elegance and abundance, with maximised spaces and luminosity further summoning the tantalising feeling of onboard liberty. **Travel into freedom** with the Magellano 30M.

KEY FEATURES

- Manufacturer's Warranty until July 2026
- Low Emission Yacht- Up to 20% Fuel and CO2 Reduction
- Hotel Mode- Zero Emissions through 130kW/h lithium battery pack
- 2nd Generation Dual Mode Hull
- Increased Soundproof Insulation
- Non-standard Upgrades:
 - Generators
 - Platinum Navigation Package
 - Platinum Audio/Visual Package
 - Metallic Paint
- Additional Pullman Bed in Twin Cabins
- Parquet Flooring
- Increased Garage space to house the larger Williams 445 plus a Seadoo GTX

Launched in July 2024, "Aria" has been made available for sale, and so provides an opportunity to own one of the breakthrough yachts from Azimut Yachts, without the wait.

Featuring the Low Emission system that reduces fuel burn and CO2 by 20%, and the innovative Hotel Mode where the whole yacht is powered by a lithium battery pack creating Zero Emissions, "Aria" is already meeting the enhanced standards required for yachts today, combined with an eye on what will be needed in the future.

She features over €3m of Options, including €800k of specific upgrades, and her sale price represents a significant saving over the equivalent retail models

What the Manufacturer Says:

The Magellano 30 Metri takes this desire for freedom and expresses it in the form of unprecedented seakeeping and a design that offers a view of both the sky and the sea from every point on the yacht. The intimate relationship with nature is also respected in sustainability-related choices that aim to reduce the yacht's environmental impact.

The Magellano Collection is the Azimut Yachts line for yachtsmen who have a predilection for long cruises: Magellano is always smooth and safe at sea, with low fuel consumption and a wide range of speeds. The interiors too are designed for long stays on board. The new flagship is the perfect fit for the brand's crossover line, reprising features such as generous volumes and a desire to amaze in different sea conditions, without however compromising on elegance and attention to detail. This result has been achieved thanks to the collaboration of the winning team that proved itself with the previous model (Magellano 25 Metri): Ken Freivokh, who handled the exterior styling and volumes, and Vincenzo De Cotiis, who designed the interiors. Freivokh has created refined and modern but in no way aggressive lines that catch the eye of expert yachtsmen, also from the world of sailing yachts. Unexpectedly striking, the teak louvres that close and complement the extensive glazed surfaces in the superstructure are a signature feature of the Magellano line. In keeping with its calling as a crossover, the new 30-metre yacht offers spacious, light-filled interiors that De Cotiis has successfully made intimate and inviting. Freivokh and De Cotiis have designed the three decks of the new Magellano by breathing life into their shared vision of a yacht in seamless contact with the sea, from the Infinity Terrace that welcomes guests on board, to the generous terrace on the Upper Deck for socialising and enjoying the pleasure of cruising in the open air.

The huge windows - over 70 square metres of glazed surfaces - also ensure uninterrupted visual continuity between the interior spaces and the surrounding natural environment, which has a metaphorical presence in every setting on the yacht, from the full-beam Owner Suite and the living space on the Main Deck to the gracious Skylounge on the Upper Deck.

Sustainability

The innovative thrust of the Magellano 30 Metri is also expressed in the choices made to reduce environmental impact. The second-generation Dual Mode hull, designed by naval architecture firm P.L.A.N.A. on a joint basis with the Azimut Yachts R&D centre, ensures an excellent level of stability, keeping fuel consumption down both at midrange speeds – even in rough seas, delivering on the promise of cruising in freedom in any conditions – as well as at higher speeds, reducing consumption in this case by about 15% compared with traditional hard chine planing hulls.

The new Magellano line flagship establishes a truly harmonious human relationship with the water, even and especially during periods spent at anchor: the Magellano 30 Metri is designed to be fitted with the Hotel Mode package, which includes 100kWh lithium batteries so that she can stay at anchor with zero emissions for up to 4 hours during the day and 8 hours at night. The result is total silence broken only by the sound of the sea.

Azimut Yachts

Azimut Yachts, founded by Paolo Vitelli in 1969 and part of the Azimut|Benetti Group, offers owners around the world a wide range of motor yachts from 42 to 125 feet in length, organised in six lines (Verve, Atlantis, Magellano, Flybridge, S and Grande). The brand stands out for the spirit of innovation that puts it at the forefront of trends and solutions in technology and design recognised throughout the world of yachting. With headquarters in Avigliana (Turin), Azimut Yachts has five production facilities in Italy (Avigliana, Fano, Viareggio, Savona and Varazze) and one in Brazil, in Itajai, and a presence in 80 countries through a network of 136 sales and customer service centres and representative offices in Shanghai, Hong Kong, Fort Lauderdale and Itajai.

MAIN CHARACTERISTICS

• LENGTH OVERALL	29,63 m 97' 5"
• BEAM	MAX 7,06 m 23' 2"

• INTERIOR DESIGNER	De Cotiis Architects
• HULL DESIGNER	P.L. AUSONIO Naval Architecture & Azimut R&D Dept.
• BUILDER	Azimut Yachts
• CERTIFICATION	Built compliant with Rina Class

- **ENGINES** 2 x MAN V12 1550 hp
- **ELECTRIC STANDARD** 400V/50Hz

OPTIONALS

TECHNICAL

SCR

Hydraulic stern thruster

Speed stabilizers (Fins)

Alfa laval fuel filtering system

Sewage treatment

Additional soundproof insulation between salon and engine room

Additional soundproof insulation in master cabin - aft bulkhead and ceiling

Additional soundproof insulation in master cabin - bow bulkhead

Oil change system for main engines, gearboxes and generators

Double Racor filters for generators

Tender fuelling station

ELECTRICAL SYSTEM

Upgrade of generators to Kohler 55kW/50Hz

One Glendinning cablemasters

ASEA converter (220V/110V - 50Hz/60Hz) air cooled

Cordless telephones in all areas (n.11)

Nec pabx central unit

ELECTRONICS AND NAVIGATION

Upgraded navigation package Simrad/Navico - Platinum Version

Additional touchscreen alarms and boat management in crew area/capt cabin

AIS

ACR RCL -100 Searchlight

AUDIO/VIDEO & CAMERAS

Upgraded A/V package - Platinum version (Upper Deck included)

Internet

Camera predisposition - up to 8 cameras

Camera in engine room (PTZ) - predisposition must be selected

Camera in aft cockpit (fisheye) - predisposition must be selected

Camera in upper deck (fisheye) - predisposition must be selected

Camera alongsides (fixed) - predisposition must be selected

SAT TV predisposition only

SAT TV antenna (KVH HD11), excluding SAT decoders - predisposition must be selected

Empty domes (HD 11 size)

EXTERIOR

Complete painted hull (non metallic)

Upgrade to metallic colour (Stardust Silver)

Rubrail in rubber and steel around the swim platform and side cigars

Rubrail on the sides

Stainless steel anchors (165 kg each)

Upgrade to stainless steel anchors (200kg each) and chains 16mm - 185mt

Underwater lights - n.4 on the transom and n.2 on each side (Aqualuma)

BOW AREA

Pop up lights on bow (3)

Carbon fibre poles with cover for bow sitting area

Jacuzzi on bow cockpit

AFT AREA

Plug-in shower on swimming platform

Sunbrella on swimming platform

Additional cabinet in the aft cockpit

Aft cockpit cover (along the two aft poles)

Aft deck enclosure (on three sides of the cockpit)

FLYBRIDGE AREA

Spot lights on aft flybridge (recessed in the fibreglass) - 6 LED spotlights

Flexa

Teak floor on Upper Deck

INTERIORS

LED courtesy lights luxury package

GUEST CABINS

Additional folding bed in guest cabin (Stilnovo) STBS

Additional folding bed in guest cabin (Stilnovo) PTS

APPLIANCES

Additional fridge in galley

Trash compactor in galley

Fridge in lower deck lobby

GENERAL

EXTERIOR

Outdoor seating fabric: MARIA FLORA GINOSTRA 60377 col. 15929

Exterior Teak caulking colour grey

Cleats reinforcement for tender towing (tender model Pirelli 12mt)

Mooring whips holders + mooring ships as per proposal

Removable staircase to access the tender from the side boarding gate

Propspeed

FLYBRIDGE

BBQ Cabinet on UD placed between the bar and the staircase

Electrical predisposition for the future installation of a small appliance

Install a card game table on portside next to the dining table. Model Paola

Credit for the removal of the standard furniture on portside

Custom furniture with top in synthetic stone and storage

Custom sofa on stbd side next to the dining table
